

Technical Data Sheet

Product Code	FT GS
Product Description	High temperature green polyester flash tape - silicone adhesive Widths available:- 24mm, 36mm and 48mm Roll length 66m (carrier tape thickness 0.050mm, adhesive thickness 0.037mm)

General Description	A thin, strong, silicone-adhesive coated polyester film carrier, with exceptional high quality and high performance properties. Special silicone adhesive exhibits high temperature resistance.
----------------------------	---

Properties

Colour:	Green
Carrier Thickness:	0.050mm
Adhesive Thickness:	0.037 mm
Overall Thickness:	0.087 mm
Adhesion to Steel:	900g / 25mm
Tensile Strength:	18kg / 25mm width
Elongation:	80%
Maximum Usage Temperature:	200 °C

IMPORTANT INFORMATION:

The information cited is in good faith and has been established from sources held to be secure and reliable. The values listed are typical properties and are not intended to be used as specifications for defined applications. Users must determine the product suitability for the end use application and assume all risks and liabilities.
