

Technical Data Sheet

Product Code

FT YSX

Product Description

High temperature yellow polyester flash tape - silicone adhesive
Widths available:-
25mm and 50mm
Roll length 66m
(carrier tape thickness 0.025mm, adhesive thickness 0.051mm)

General Description

A thin, strong, silicone-adhesive coated polyester film carrier, with exceptional high quality and high performance properties. Special silicone adhesive exhibits high temperature resistance.

Properties

Colour:	Yellow
Carrier Thickness:	0.025 mm
Adhesive Thickness:	0.051 mm
Overall Thickness:	0.076 mm
Adhesion to Steel:	900g / 25mm
Tensile Strength:	11.5 kg / 2.5 cm width
Elongation:	105%
Maximum Usage Temperature:	200°C

IMPORTANT INFORMATION:

The information cited is in good faith and has been established from sources held to be secure and reliable. The values listed are typical properties and are not intended to be used as specifications for defined applications. Users must determine the product suitability for the end use application and assume all risks and liabilities.
